Number 10

Men's Inter-Club Stag To Be Monday Night

A. W. S. Hi-Jinks Scheduled For Wednesday Will Feature Skits

Plans for the annual Associated Women Students Hi-Jinks scheduled for Wednesday, Mar. 20, are steadily going forward, with many clubs preparing skits which will be the source of entertainment for the evening.

Skits to be presented by several of the clubs are under the direction of the following: Harriet Abrams, Spinsters; Mildred Haskell, Moavs; Beatrice Granas, Las Meninas; Farla Nell Clayton, Las Gitanas; Lucile Grisct and Mildred Kemper, Y. W. C. A.; and Marjorie McDonald, Music club. Mrs. Eleanor Northcross, adviser, urged that several smaller clubs go together in preparing a skit if they wished.

The publicity committee consists of Ruth Warner, chairman, Janet Diehl, Ellen Frazee, Jeanne Paxton, Betty Stafford, Jane MacBurney, Margaret Blackwood, Jo Ann Baker, and Mary Schrock.

Mary Lou McFarlane is responsible for the entertainment.

Refreshments are being planned by Roberta Tuthill, Betty Martin, Lois Pranke, and Elinor Morilla.

Jaysee To Entertain High School Teachers Wednesday

Science teachers from the high schools of the southern part of Orange county will be guests of the local science department at a dinner and program Wednesday night, it was announced today by President D. K. Hammond.

Approximately 22 teachers will be present from Anaheim, Garden Grove, Huntington Beach, Newport Harbor, Laguna Beach, Tustin, Orange, and Capistrano high schools. A dinner will be given in the high school cafeteria where H. O. Russell, J. Russell Bruff, H. A. Scott, Dr. Murray Bates, and Miss Etta Conkle will give talks explaining the junior college courses and how they are coordinated with upper division science work.

Ed Ewing Is Named New Post Editor

Edgar Ewing was appointed editor of the spring issue of the Tavern Post at the regular meeting of the Tavern Tattlers this week.

Other officers appointed are Stewart Fletcher, Freda Sawelle, and Edward Robinson, associate editors; James Torrens, business manager; and Jeanne Leive, art editor.

Wilson Completes Fiesta Committee

Completing the Fiesta committee, the following appointments were made by Lucien Wilson and approved by the College Executive board: Al Markel, construction; Mary Wallace, costumes; Sam Gosney, booths; Gene Ebentraut, tickets; and Harold Lutes, hospitality.

Markel is a freshman and a Bachelor member and comes from Santa Ana. Miss Wallace, also a freshman and a Santa Ana resident, is president of the W. A. A. Gosney hails from Huntington Beach, is a freshman, and a Buccaneer. Ebentraut, president of the Junior Lions, and recently appointed opera manager, is a sophomore from Orange. Lutes is a Gaucho member, a sophomore and a Santa Anan.

MILLER TO TAKE YEAR'S LEAVE

That Miss Agness Todd Miller, English instructor, will take a leave of absence next year was the announcement made today by Dean McKee Fisk. Miss Miller's present plans are to study and do research work at the University of California at Berkeley.

The request for absence was granted by the school board at their meeting Tuesday night. No one has

Occidental Offers Five Scholarships

Five honor scholarships have been set aside at Occidental college for outstanding junior college graduates, it was learned this week from Dr. Morgan S. Odell, chairman of scholarship aid at the Los Angeles institution.

Each scholarship carries a value of \$250 for residence students, or \$125 for those living at home. Interested students must submit their applications to the college Committee on Scholarships and Student Aid on or before May 1, 1935.

Events Planned For Andrews Gym, 7:30

Purposing to mould a more friendly feeling among men's service clubs on the campus, the second annual Men's Inter-club stag will be held Monday night in Andrews' gymnasium. Festivities are scheduled to get under way at 7:30.

The stag, which is under the auspices of the Buccaneers, is to be run on a competitive basis, first place in any event being awarded four points, second place three points, third place two points, and one digit to last place.

After all events have been completed the club with the most points will be awarded the Little Brown Jug by the Buccaneers.

The jug contains the name of the winning club and will be on display in the trophy case in College Hall.

Last year, the frolic was climaxed when the Buccaneers won the tug-of-war to nose out the Bachelors 36 to 35.

Events to be held are wrestling, boxing, sack race, hitting bottle, driving nail into block, balloon breaking, rope climbing, tug-of-war, chinning, and basketball throw.

Tentative arrangements have been made for an exhibition to be given by a group of gymnasts from the Y. M. C. A.

Concluding the evening's athletic performances, refreshments will be served and the Jug will be awarded.

Annual Park Picnic Is Postponed To March 29

Tentatively postponed until Monday, April 29 because of probable better weather at that time, the annual Spring picnic will be held as usual at Irvine park.

Marian Hawk, in general charge of the event, announced today that although the work will be in the hands of the various service clubs, other students will also be asked to aid in the preparation.

Announcement of those in charge of plans for each of the service clubs will be disclosed later.

Kroener, Norton To Enter S. C. In Fall

The casual observer may be surprised next fall when he glances over the grid lineups of some of the "big time" colleges of the coast, if he happens to see some familiar names in strange surroundings. Frank Kroener and Miles Norton are contemplating graduating to sunnier climes next fall while Harold Welty, former all-conference fullback on Bill Cook's elevens has already enrolled at U. C. L. A.

Funeral Services Held For Mrs. Waterman

Funeral services were held Tuesday for Mrs. Mae Tripp Waterman, 57, of Costa Mesa, who has been a special student at jaysee for the past two semesters. She was specializing in music.

Meninas Leads In Comparative Scholarship Standing Of Clubs

Leading in both methods of computing the comparative scholarship standings of the service clubs, Las Meninas achieved a median ratio of 1.41 grade points, and an average of 1.39 grade points.

Smith Announces Don Dinette Plans

With two new committees to assist him, Cleo Smith, new cafeteria manager, announced plans for the Don Dinette for this semester. One committee consisting of Bill Kirk and Gene Ebentraut, both of whom were employed in the Dinette, will work on improving the service and management. Vernon Mansur, Medora Smith, and Eleanor Bowyer make up the second student committee which is to work on advertising and promoting the Dinette.

A new bulletin board will be installed in the large space back of the counter this afternoon to be used for posters and notices advertising school activities.

Smith is planning to put out a special plate lunch including a drink and dessert, for 25 cents this semester.

DEBATE SET FOR MARCH 28

Santa Ana will meet San Bernardino on Thursday, March 28 to decide the championship of the eastern division of the Southern California jaysee debate conference. The local teams composed of Harold Woodward and Robert Tannenbaum, upholding the affirmative, and Glenn Bishop and Claude Owens, arguing the negative, will travel to the opposing school.

Final Forum Program To Be Tuesday

The concluding number on the 1934-1935 program of the Orange County Forum is scheduled for the evening of March 19, at the Fullerton Union high school auditorium at 8:15 p. m.

The speaker that evening will be George E. Sokolsky, one of the best known authorities of today on the Orient. His subject will be "The Tiger Box of Asia."

Harry W. Lewis of Santa Ana will act as chairman.

Majors of Graduates Revealed

Letters and science ranks first in the list of elective majors with the graduating class this semester, it was stated today by Mabel G. Whiting, registrar. Ninety-three of the persons to receive diplomas will get them for work in this field.

The latest check in the graduating list reveals that three names have been added since last Friday, boosting total to 145 persons.

In the letters and science field, 26 will get their diplomas; fine arts, 8; humanities, 41; life science, 8; and physical science, 10.

Education will have 9 majors with elementary having 3, specials in physical education and music, 2 each, and specials in art and commerce, 1 each.

In determining the ratings according to the median method, the numbers of each club are rated on a basis of scholarship from the highest to the lowest, and the grade points of the person in the middle of the list form the median for the club.

Under the median method, Las Meninas scored 1.41 grade points; Las Gitanas 1.36; Junior Lions 1.18; Spinsters 1.10; Los Gauchos 1.00; Bachelors .87; Buccaneers .83; and Moavs .82.

Based on the average grade points attained by all the members Las Meninas received 1.39; Las Gitanas 1.33; Junior Lions 1.11; Moavs 1.08; Spinsters 1.02; Buccaneers 1.00; Los Gauchos .94; and Bachelors .87.

Engineering Show Is Best To Date, Says H. A. Russell

Declaring that the third annual Engineering show was the best that has been presented to date, H. O. Russell, science instructor, today expressed satisfaction at the order in which the experiments were performed last week.

Russell says that the men performing their demonstrations were extremely lucky that they all went off as well as they did. Usually some mechanical imperfection results in a "fizzle" for one or more scheduled performances.

"The average work for the experiments ranged between two and four months preparation," Russell continued. The experiment on the oscillograph required about the longest to prepare, with that on dry ice probably the shortest, in actual building time.

To Require Tickets To Get El Don

Announcement was made today that the circulation department of El Don will hereafter not issue copies of the publication to anyone who does not have an Associated Student ticket.

All who present tickets will receive papers promptly at the student office each Friday noon.

Or Are You 'Too Smart?'

Right this way, folks! Ten dollar bills selling for ten cents apiece. 'Step up and buy yours now!' All you want for 10 cents each!

"Nice new ten dollar bills, folks—only a dime! Step right up—"

For several hours the man shouted and gestulated, and people stopped, laughed, and walked on.

This actually was tried in a large eastern city as a newspaper stunt. For three hours a journalist tried to seal ten dollar bills, to anyone who would buy, for ten cents; and everyone was "too smart to be caught."

Are you afraid of "being caught?" you are being offered \$6.50 worth of activities for \$4.00. Are you laughing to yourself, and thinking—"sounds too good—couldn't be true!" Investigate the values of an Associated Student Ticket, and get yours now.—Or are you "too smart?"

EL DON

"With one aim—to serve student and College."

The official publication of the Associated Students of Santa Ana Junior College, Santa Ana, California. Published weekly during the college year while school is in session and issued on the Junior College consolidation ticket, the price of which includes \$1.00 for subscription to the paper.

Entered as second class matter November 9, 1927, at the post office at Santa Ana, California, under the act of March 3, 1879.

Published in the school print shop and edited by journalism classes. Per Copy—5 cents Per Year—\$1.00

Down Editorial Alley

By Jack Pegues

Pioneering enterprises breed progress. Santa Ana junior college pioneering on a new campus under conditions vastly different from anything it had previously known, has progressed. However, environment has not alone been responsible for this transition. For figuring rather prominently in the new set-up are two Phi Theta Kappa Associated presidents.

Robert Tannenbaum supplied the great moral energy necessary to launch the founding student organization—founding because its transposal from the old campus disorganized it.

Not a tremendous ground gain, Tannenbaum was, nevertheless, a phenomenal broken field runner. His greatest success lay in cleaning up the opposition and laying down a policy for his successor to follow.

Electing to leave actual settlement of the bitter football sweater controversy to the Robertson board, Tanny did, nevertheless, leave a definite indication of his sentiments.

Cafeteria

The cafeteria, although still a doubtful quantity, was born with considerable ceremony during the Tannenbaum regime. That the first semester executive used poor judgement in appointments to responsible positions at the Dinette is a development that only time and Cleo Smith can correct.

Failure to diagnose committee patronage killed Tannenbaum's chance for a major triumph on the Dinette item—bye and large the greatest local student enterprise in a decade.

A third, unpublishable achievement was the securing of a gentlemen agreement among the campus clubs assuring more uniform observance of the student ticket membership clause of the constitution. A try at enforcing the law was made, with rather favorable results. One-hundred per cent victory was not the outcome, nor was it expected, but conditions were definitely improved.

Robertson's Regime Young

This is hardly the time to draw any conclusions of the Robertson presidential period. A spring semester president's success or failure usually depends on his board's Fiesta and Opera managerial appointments. However, since the conditions attending Robertson's assuming office were so demanding of immediate and decisive action, some indication is apparent regarding his policies and principles.

This writer refers to the sweat-soiree. It was on this delicate point that before he had been in office a week, Robertson left no doubt as to his personal attitude. An attitude that later gave birth

St. Patrick

March 17, 493 A. D., was the date of the death of Ireland's great national saint. He died at the grand old age of 106, and was honored by bishops, priests and many other people who came from all parts to gather round the tomb of the venerable father of their faith.

The memory of Saint Patrick, has for 15 centuries survived in the hearts of Irish men and women in every part of the world. Not only do the Irish people honor the great Saint Patrick, but also he is admired by inhabitants of other lands.

In the year 432 A. D., Saint Patrick was sent to Ireland where he found the people in spiritual darkness. He was sold as a slave to a religious minister. As a slave, he learned the Celtic language and the rites and customs of his druid masters. He soon began to preach the gospel of Christianity and converted the high kings to the new faith.

According to tradition, Saint Patrick personally baptized 12,000 and established 365 churches. There are many myths concerning Ireland's patron saint, the best known of these being that of chasing snakes out of Ireland. These myths, however, are not based on actual facts, but are just stories most Irishmen love to tell.—The Generator, Santa Ana high school.

El Don Mail Box

(Space in this column is given over to the expression of student opinion. El Don assumes no responsibility for any comments published in the Mail Box. All letters to the editor must be signed, and writers are requested to be brief as the newspaper reserves the right to shorten articles if lack of space makes it necessary.)

About the Forum

Santa Ana, Calif.
March, 11, 1935

To the Editor of El Don:

In reply to editorial comments appearing several weeks ago in El Don, we wish to state that, contrary to certain intimations, the student forum is not a propaganda dispensary, neither do its proponents plan to make it such, believing that this would be adverse to the purpose of a true forum.

The editorial writer, Mr. Pegues, paints a vivid picture of a handful of students meeting behind "drawn shades" with noted Los Angeles radicals formulating plans whose ultimate purpose, under the guise of a student forum, was, as the writer expressed it, the "overthrow of the present economic and social order by mass rebellion."

Such charges we must designate as untrue.

At this open meeting, Miss Strack, national inter-collegiate debating champion, related various difficulties encountered at U. C. L. A. in connection with efforts to organize a student open forum there. The fact that students interested in economic and social conditions would likely be interested in a student forum and Miss Strack's views is not substantial reason for linkage with "Communism."

The charge that the local student forum is to be developed into a unit of the National Student League is certainly erroneous; it was made clear to Miss Strack before she came down to speak that it would be impossible to establish an N. S. L. unit here and that we did not wish to attempt it.

The writer's inconsistency is exposed by the fact that, while he attempts to shroud said meeting with an atmosphere of secrecy and conspiracy, both he and Mr. McLaughlin, whom he makes reference to, as well as others of diverse views and opinions, were present. That Mr. McLaughlin, a purported Communist, should be linked with a purely voluntary student movement is not justified.

Sincerely,

Ralph Eades
Carl Blaylock
Bob Adams

to legislation protecting the interests of every concerned party.

Progress Keynote Of The Year

All this, then, has been in the nature of progress, extreme, most of it, but not the less constructive. Passive executives, who have been little less than rubber stamps to routine ritual, that is decided largely by pre-determined policy, can lay no claim to such activity.

Here 'n There In Radio

By Jack McCarty

Advancement is a marvelous thing. Try to think back five years and remember the programs that came over the various networks. Then, consider the advancement that has been made up to now. There is no form of entertainment that can be had so cheap as the radio. If you are not now a radio fan, it will be to your advantage to get on the band wagon and hear some of the fine radio programs that are coming over the air.

Did you know that—

Ray Noble is really rocking the country with his new band. This program originates in the Hollywood Studios of the National Broadcasting Co. Noble has signed a movie contract with one of the larger companies and will soon be making short musical subjects.

Father Coughlin is really rocking the foundations of the capitol in Washington D. C. If possible, listen to Father Coughlin and hear one of a series of the most startling radio addresses ever presented over the air.

Glen Gray, Jan Garber, Guy Lombardo, and Ben Bernie will appear at the Civic auditorium in Pasadena in the late spring and summer months. Garber and Bernie are scheduled to play at the Casino in Catalina.

Nelson Hall, former business manager and guitarist with Gus Arnheim now has his own band and is doing very well. He plays in the Hollywood Roosevelt.

Say, "I saw it in El Don."

Collegiate Digest "Spot Pix" Artist

F. Gay Hastings, a senior at Wesleyan University (Middletown, Conn.), is the artist who created the new and interesting cartoon game, "Spot Pix", which appears for the first time on page 7 of this week's issue of Collegiate Digest. A psychology major and a member of Delta Kappa Epsilon, Hastings is also studying art in preparation for a career in advertising. His new cartoon column is one of the many interesting collegiate features that have been brought to J. C. readers this year by Collegiate Digest.

TOMMY'S TATTLINS

By Francis Gilbert

On the pan again

Advance information tells me that yours truly is again being held up to ridicule elsewhere in this issue. Seems to me I've read (in my weaker moments) that my rival columnist has often said that she was publishing her last column and we believed it the first time. By the way who keyhole-peeps and writes your stuff for you now? Authentic, eh Dee?

It ought to be, the law of averages (ask E. M. N.) states that one must be right half of the time, so in keeping with this axiom you took two cracks at me this week connecting my name up with two different partys. Well, who can tell, MAYBE one of them is correct.

Extra, Extra

Jaysee girl starving in the midst of plenty. . . Roberta "Appleseed" Tuthill ravenously devoured two (2) large apples; seeds, core, stem and all. Exclusive interview bares facts that it was done on a dare sorta like a sympathy strike agin' high prices. At least I had to pay for the apples.

Skating Party Wednesday

EXCHANGES

By Armand Hanson

Hazing of freshmen has now been abolished at the University of Tennessee since some sophomore, resolving to initiate a wearer of the green, seized a member of the faculty and proceeded to "give it to heem."

Maybe they ought to make the teachers wear special hats or something, anyway it'll probably be a long time before another freshman is paddled in public.

The University of California's senior ball is to be held at the Palace hotel in San Francisco with Ray Noble and his band furnishing the music from 10 to 2 and Tom Coakeley's orchestra taking it over from 2 to 4:30 a. m.

Any school that can use up two orchestras in one evening—can pay for them!

The art club of Long Beach jaysee took a sunrise to sunset sketch trip to Palm Springs March 2. They made charcoal, pastel, watercolor, and pencil drawings and also took numerous photographs. Upon returning home the drawings and sketches were exhibited and prizes were awarded to the best in each medium.

Flashes from here and there:

Co-eds at the University of Minnesota are fined \$10 for wearing a fraternity pin. . . Bakersfield jaysee has 20 candidates out for the golf team and only six out for track. . . Compton jaysee is getting a new plunge. It is to be one of the most modern of present day swimming plants. . . The "Onion" song; You've Got Me Crying Again—the San Mateo high school paper is responsible for this. . . Michigan City, Indiana, wants to know if anyone has ever seen: a horse fly, a post graduate, a cigar box, a kitchen sink, a barn swallow a book mark, a tooth brush, a gum drop, or an eyelash.

Editor's Note:

Frances Was and John Rabe recently gave a demonstration of their deep affection for each other on the campus the other afternoon. "DEE" reported in her column (which in some mysterious way is missing) that John kissed "Scooter" in front of—well "most anyone who happened to be looking. Just a little "dirt" but it sure caused two people to burn up the road getting down to the print shop.

Say, "I saw it in El Don."

Chaffey And Cookmen Clash Here Today

Panther Squad Has Star Spear Tosser

Vandruff, Frias And Boyd Show Improvement

Chaffey's Panthers invade Poly field today at 3 o'clock to attempt to sharpen their claws in the well known cinder path. From advance reports the Panthers expect to pull somewhat of a surprise on the Don tracksters.

However, the meet won't be settled until all the results are in, and from the way things look at the present Coach Bill Cook's runners, jumpers, and field men have a little bit to much on the ball to take it on the chin this time.

The fast improvement of Frank Boyd hurdler and 440 man, Joe Frias, who this week ran a 4:48 mile in practice, Hal Pottorf, javelin, Ray Cokley, and Vernon Koepsel, all freshmen added to the sure points of Capt. Wilson, Holman, Craft, Sides, Parr, Vandruff, Lukens, Gunther, Clark, and Kroener, insures Bill Cook of one of the best dual meet teams in the conference.

Little is known of Chaffey's track outlook, but the team is sure to have a goodly number of Chaffey high stars. Seapy a high jumper and javelin thrower has marks of better than six feet and 180 feet in these events. Some of their big football stars can be expected to handle the weight events, and their middle distance men have always shown to advantage.

Four Men Ahead In Ping Pong Tourney

Because of a misunderstanding in tournament regulations, Ray Foster and Harry (Razor) Blades had to play more games in the ping pong contest and as a result Blades emerged the winner. Both contestants thought two out of three sets determined the winner and Foster was declared the victor by winning the second and third sets. However, when the match was replayed Blades disposed of Foster with scores of 4-6, 6-4, 6-3, 6-6, and 7-5.

Blades will play "Rocky" Spicer, who defeated Duncan Clark 6-4, 6-8, and 6-1.

In the only other first round match played Kenneth Nissley defeated Charles Downie 6-1, 6-0, and 6-2. Nissley's next opponent will be the winner of the Carman-Holmes match.

Wilson Shines At Long Beach Relays

Track captain, Lucian Wilson, proved himself to be the outstanding jaysee hurdler in Southern California at the Long Beach relays Saturday when he placed third in the open high's running against such men as Roy Kirkpatrick, the winner, Phil Cope of U. S. C., Roy Staley of U. S. C. Phil Newman of Pomona, and Bill Brown U. S. C. Wilson was clocked at 14.9s which is his best time this season.

The medley relay team composed of Cokley, Craft, Frias, and Hol-

Mythical Team Picked By Don Casaba Outfit

Selecting the five men who were outstanding against Santa Ana, El Don and the basketball lettermen picked an all-opponents all-conference basketball team. The players were not selected by their seasonal records but by how well they played against the Dons.

Porterfield of Pomona and Bresslin of San Berdoo were named forwards on the team. Porterfield for his inspired playing that led to Pomona's win in the last few minutes of the game and Bresslin because of his outstanding performance against the Dons. Bresslin made 15 of San Berdoo's 24 points and was outstanding on the cellar team.

Tom Berkeley of Fullerton was given the center position over Henderson of Citrus because of his tip-off ability and also because he played a smoother floor game against Santa Ana than did the giant Henderson.

Henderson, however, was not left off of the team altogether. He was paired with Langley of Riverside at guard. Henderson was probably the best defensive player the Dons faced in the Eastern conference. His towering form intercepted pass after pass to wreck Santa Ana's offence for the entire evening. Bud Langley of Riverside was chosen as the other guard for his consistent defensive play.

Other players who were outstanding against Santa Ana were Krum and Nichols, both guards from Chaffey, Allison of Fullerton, and Marshall of Pomona, both forwards.

FULLERTON HOST TO WOMEN TOMORROW

Hockey and tennis playday for women will be held tomorrow at the Fullerton junior college. Representatives from Santa Ana will enter for both of the events.

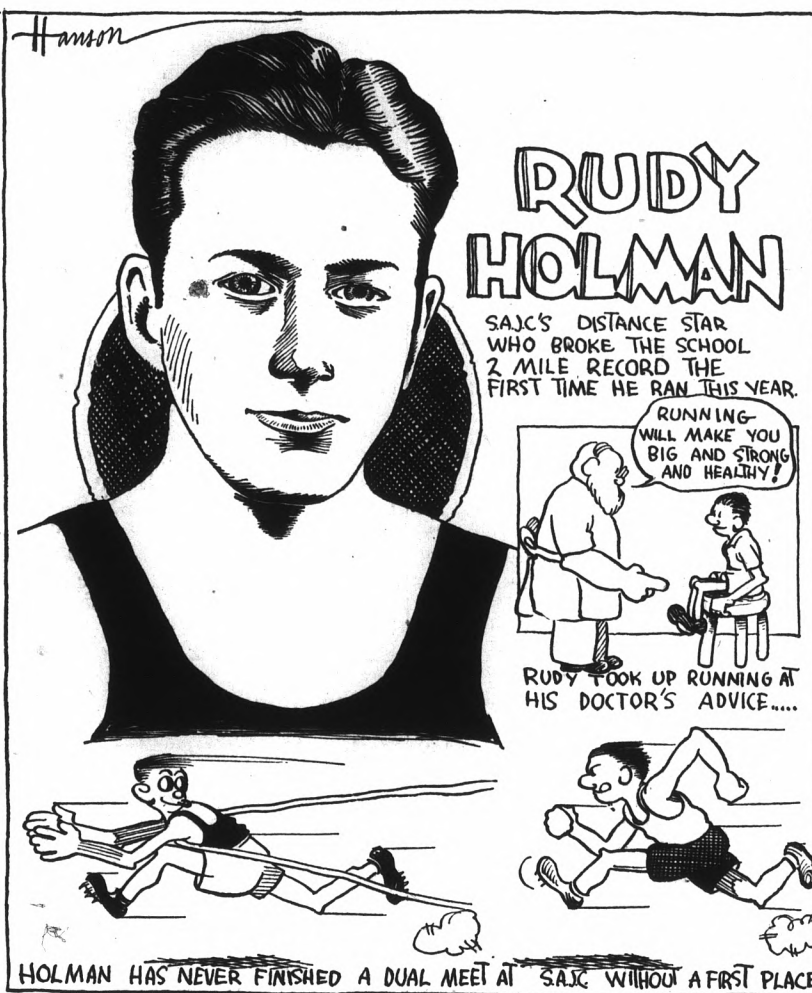

According to Coach Zena Leck, it will be impossible for a player to enter both of the contests. Tennis tournaments have been held for several weeks previous to decide who will play tomorrow.

Hockey practice also has been held on the Santa Ana high school field as a forerunner of tomorrow's meet. Approximately 20 women have reported to this practice, and the team to meet at Fullerton will be chosen from this number by Miss Leck.

The women reporting are Roberta Tuthill, Frances Was, Doris Rockwell, Jean McAuley, Eunice Spicer, Helen Wilkie, Charlotte Mock, Frances Tibbette, Blanche Illingsworth, Virginia Laurence, Elsie Cox, Eva Bergee, Adelia McVey, Muriel Lambert, Lucille Griset, Valerie Demetriou, Lois Marie Pranke, Dorothy Petit, Marjorie Wakeham, Dorothy Guthrie, and Yetive Blank.

man ran a good third in a fast field. Kenneth Vandruff running in the novice high sticks ran fourth in the finals of a 15 flat race. Vernon Koepsel lead the novice "hundred" for 50 yards then faded to fourth. Parr garnered fourth spot in the B broad jump.

MILE KING

The above is the fourth of a series of feature cartoons that Armand Hanson, junior college journalism student is drawing for El Don. Another cartoon will appear in an early issue.

Five Grapplers To Enter A. A. U. Go This Month

Five wrestlers, representing Santa Ana junior college, are grunting and groaning afternoons in preparation for the National Junior A. A. U. meet to be held in Inglewood March 29 and 30.

Ray Foster, who did his prep schooling in Santa Ana, was the runner up in the Southern California high school tournament last year.

Wayne Wilhite and Bob Armstrong are state high school champs from Kansas, Wilhite having won the medal in 1933 and Armstrong in 1934.

Two other Kansas boys, Charles Gard and Hal Pottorf, hold Arkansas valley championships.

Say, "I saw it in El Don."

Large Turnout For Golf Here

Divot-digging again comes into its own on the local campus with the news that a good turnout has been received for golf, and that practice for the aspiring ball chasers is now under way at Wil- lowick.

Santa Ana's popular pay-as-you-play course has given Don devotees special rates that will enable them to practice any time they wish to. At present more than 15 golfers have penned their names to the tentative sheet. These men are: Preston Piper, Richard Foster, Bob Rice, Forrest Neal, Tom Kistinger, Charles Gard, Russel Abbey, Cliff Lee, Hollis Wilcox, Leo Abbet, Gene Gorson, Wayne Wilhite, George Chapman, Bill Dolan, and Edgar Barnes.

Beatty Preps Nine For Saint Battles

Inter-School Practice Will Begin Soon

With the Don-Saint civil war diamond series slated to begin next week, 15 horsehide players, augmented by three last year's lettermen, are practicing nightly for their coming battles. As the league schedule does not get under way until April 6, these men will probably be able to get into better shape as the result of these annual fracas with the Pine street boys.

Ben Slavin, Clyde Birdsong, and Lou Madden, are the three men to garner numerals last season who are out for more. Slavin and Birdsong both hit better than .350 last season and Madden got his share of bingles. Bob Brown, reserve from the 1934 squad, is expected to report this week.

Cliff Lee, Anaheim import, will probably handle the catching assignment. He has shown fair form the first few nights of practice and Coach Blanchard Beatty expects him to improve with a little more work.

Charles Ishii and Yoshiaki Yoshida, Nipponese diamond men, will battle it out for the mound position. Ishii hails from Huntington Beach where he was first string chucker for the night ball league of that city. Gil Yorba, another night ball hurler, also expects to try out for the knoll position.

Harold Youel, Harry Owings, and Dick Moore stack up as the outstanding basemen along with Tom Lacy at short-stop.

Slavin, Birdsong, and Madden will negotiate the outer gardens, with Allan Mackay being held in reserve.

A proposal for the "open subsidization" of college athletes is now being considered by the members of the Pennsylvania Association of College Students.

STRING Sports Shirts!

They're positively gigantic! Colossal! Sports shirts started innocently enough with short-sleeved polo shirts, and now

Geology Students At Pomona Lecture

Several local students attended a lecture by Dr. Roy Chapman Andrews on his adventures in the Gobi desert this week at Pomona college.

Dr. Andrews accompanied his talks with slides and motion pictures. He explained the cause of the expeditions to the Gobi as the testing of the theory of common origin of animals from Central Asia. On this trip, the men took 150 camels each with a 400 pound load of gasoline for the cars.

The discovery of the now-famous dinosaur eggs 95,000,000 years old in the Flaming Cliffs of red sandstone and a new species of dinosaur with the eggs was described and pictured in great detail. Dr. Andrews also explained the process of preserving the fossil eggs and bones in flour paste.

Pictures were shown of the manner of trapping small desert animals with peanut butter and the digging up of many species of mastodon, preserved in almost the same condition as in the La Brea Tar pits.

Beta Gamma Will Reveal Pledges

Several new members will be taken into Beta Gamma at the meeting next Tuesday in the home of Mrs. John Tessmann. Names of the new members will be announced later.

Plans for various activities, including an assembly program, the booth for the Fiesta, possible afternoon dances, and an informal dance will be discussed at the meeting.

WEATHER FORECAST
Fair today, Saturday and Sunday. Nights unusually cold. Moderate westerly winds.

Six Are Pledged To Buccaneers

Six men have been pledged to the Buccaneers service club it was revealed today by Tom Kisting, club president.

The ceremony took place this week at the home of Charles Gard, Hal Pottorf and Bob Armstrong, Buccaneer members. Those inducted into the first degree of the order were Harry Blades, Preston Piper, Joe Yocam, Cliff Lee, Marc Nielson, and Armand Hanson.

The next meeting of the Buccaneers will be held at the home of the advisor, Thomas E. Williams who is having a house-warming at his new home on Victoria Drive. Plans for the Buccaneer Yacht party, to be held the second week in May, will be formulated.

Spinster Pledges To Be Accepted

Four Spinster pledges will be formally accepted as members of the Sisterhood of Spinsters Monday evening at the annual installation service, to be held at the home of Barbara Dunton.

The installation will be formal and will be featured by the candle-lighting service of the club. The four junior college women who will become members at this time are: Charlotte Mock, Valerie Demetriou, Frances Was and Margaret Ellen Sawyer.

Say, "I saw it in El Don."

Journalism Students Visit Long Beach Press-Telegram

Members of John H. McCoy's first and second year journalism classes journeyed this week to the Long Beach Press-Telegram, where they visited the various departments of the paper.

A guide took the students thru the photography and engraving departments, the news room where they saw stories released by the press associations coming in over the wires, the composing room where there are more than 20 linotype machines, and the press which was printing the afternoon paper.

The future journalists learned that the paper on which the Morning Sun and the Press Telegram is printed costs over \$1,000 per day and that the subscription price of the paper pays only the salaries of the newsboys.

Sports Are Featured In Assembly Wednesday At Gym

Badminton, boxing, wrestling, and fencing were featured in the assembly given Wednesday by the physical education department.

The badminton exhibition was given by Twila Heath and Jess Hillard, the Pacific states champion. Three two-round boxing matches were given by John Thompson and Jack Runnells, "Bobo" Baxter and Ted Butterworth, and James Lash and Garth Benjamin.

The non-decision wrestling events were between Wayne Wilhite and Bob Armstrong, and Hal Pottorf and Ray Foster. Japanese fencing was displayed by Yoshiki Yoshida and a demonstration in foil fencing was given by Clarence Compton and Gus Gilbert.

Phi Sigma Alpha To Hear Doctor

Phi Sigma Alpha, social honorary society will meet Tuesday evening at the home of Mr. and Mrs. L. L. Beeman at 910 French St. Santa Ana.

The speaker of the evening will be Dr. Edward Lee Russell of the Orange County health department. Robert Tannenbaum, president of the honor group, asked that all those who have invitations or are interested in social science should come to this meeting.

Moavs To Initiate Pledges Monday

Initiation of the Moav pledges will be held in the home of Mildred Haskell next Monday.

Preceding the initiation the club will have a progressive dinner party in the homes of Betty Stafford, Elizabeth Wassum, Arden Murray, Betty Ryherd and Mildred Haskell.

O. K. Club Plans Future Programs

A program committee for the O. K. club for the remainder of the semester has been appointed by Bob Armstrong, president of the club.

The committee consists of Ellen Frazee, Winifred Caffyn, Leo Abbot, and John Dailey. The committee is to plan for and supervise all the parties of the Orphan Kiddies organization, according to Armstrong.

LIGHTING LECTURE TO BE GIVEN

"A lecture and demonstration on lighting will be given by the Otto K. Olesen Company of Hollywood Wednesday, March 20 at 8 p. m. in room 8, college hall," H. O. Russell, physics department head stated today.

"The Olesen Company is the biggest concern in the United States specializing in stage and movie lighting," he further stated. This company does trick lighting for the movies and spectacular lighting for prevues and parades.

Russell said that the demonstration especially would interest physics, drama, art, stage craft, and music classes.

"The science teachers of the county schools, and the public are cordially invited," Russell concluded.

New Plan Of Dances To Be Used For Gaucho Sport

"Tentative plans have been made to inaugurate a new dancing plan for the Gaucho Sport dance," said Mr. Calvin C. Flint, adviser, today. "The program will be divided into halves, the first portion to be a strictly program affair of eight dances and the last half will be informal."

The annual affair is scheduled for April 12, and the Belmont Surf Club at Belmont Shores has been secured. Harris Warren is chairman of arrangements.

Artists To Hold Garret Party

Meeting next Thursday evening in the art studio, members of Alpha Rho Tau will hold a "Garret party" which will also serve as a pledge acceptance party.

"The party will be informal and artist costumes and old clothes will be in order," stated Miss Francis W. Egge, adviser of the club.

Unique initiations will be extended to pledges, voted into the club as well as to the regular members. The studio will be decorated with murals to provide the proper atmosphere for a "garret party."

Miss Egge also stated that an informal demonstration of artistic ability will be one of the features of the evening.
